Dear Harold,

When we met on 8 July, you asked if we could provide information on the capacity of the plants in the Soviet Union which correspond to our [redacted] plants. I have found that estimates of Soviet production of conventional ammunition are made by DIA. The latest publication on the subject, USSR 1976 High Explosives Production, is enclosed. Soviet RDX production capacity estimates are provided in figure 1 of the DIA report.

Yours,

/s/ Stansfield Turner
